- Letters-from-the-Heart is the PERFECT gift anytime of year. Terry Rose created Letters-from-the-Heart as a way to cheer up seniors who are homebound, socially isolated or in assisted living or other care facility. Having worked in the mental health field, Terry understands how loneliness and isolation can affect people. Letters-from-the-Heart sends powerful, personal, hand-written letters to your clients or loved ones. The program lasts 12 months and consists of a monthly letter, a special birthday card and gift, and a festive December holiday card and gift. Each hand-written, thoughtful letter is crafted with information provided by the family or guardian. The cost is less than \$21 per month! Contact Terry Rose at (561) 422-5185 or www.Letters-from-the-Heart.com to find out how she can help bring joy into the life of your client or loved one.

The Charlotte Edition of Senior Living Magazine is now distributing 110,000+ copies per year with an annual readership of nearly a quarter of a million!
